Re: Dismissal

Dear Mr. Berg,

You and or Latti & Anderson no longer represent me. I have spoken to Judge Bowler's clerk, Mark Duffy, and have been advised that you must contact her office in writing to advise as to why you do not represent me. I will have the reasons spelled out in a letter over the weekend and will fax it to your office so it will be waiting for you on Monday morning. I would have had it for you today, however your call to my home, after me leaving the message not to cal, caused great upset. To date , I have not received any correspondence from your office. Anything received now or in the future will be returned to you.

Sincerely,

Dear Judge Bowler,

I apologize for forgetting to forward you a cpy of the first letter of correspondence with my attorneys. I spoke with Carolyn Latti on or around March 5<sup>th</sup>, and was informed at that time that they had received the insurance settlement on February 26<sup>th</sup> and also that their firm had no intention of contacting you.

Your Honor, I could not have ever imagined I'd find myself in the position I'm in. I have not only gone through all savings and investments, but have also accrued over \$50,000 in debt. I have a mortgage on my home and have had to mortgage a parcel of land left to me by my father. These properties have been in my family for three and four generations respectively and as the head of my family I have been expected to protect and provide for them as best I could.

Now, I find myself unable to work, living with pain 24/7, and barely able to meet expenses with my disability income.

I tried to get the best of medical help, and ended up with Dr. Choi fresh out of rehab, giving me a contradictory report, an unclear film, and a \$200,000 bill.

I depended on my attorney's to protect me, and I don't feel they have. Your Honor, if there is anything you could do to help me, I beg you please

Sincerely,  
  
Louis E. McBride, Jr.
